“The Best Always”

ATTWOODS FLOWER SEEDS

To our Patrons:

These seeds are the best you can secure. We pay the strictest attention to the source of supply, many being imported direct from Europe by ourselves, and already we have gained a good reputation through the seeds we have supplied to many of the prominent florists in Ohio and vicinity. We carry none of last year's seed over.

Those marked with (*) are perennials.

PRIMULA—(Primrose.) A New Primula Obconica. Glory
of Farmingdale (Aalsmeer). This new development of
Primula Obconica is of special interest to the commercial
florist. The flowers are a pleasing shade of bright rose, set
on large trusses, consisting of 15 to 20 florets each, which set
well above the heavy foliage. The florets are individually
large, often measuring 1¾ to 2 inches in diameter. The grower
will have few discarded plants with this strain. and we recom-
mend it with every confidence as the best of its type.

HARDY PERENNIALS

More and more we find Florists with a retail outlet are making money selling perennials in clumps or potted. Most of ours are wintered in the ground—not dried out in Cold Storage—which means real satisfaction when they are sold. A complete list will be sent you on application.

Rooted cuttings and 2¼ in. plants of all kinds are some of our specialties. Send us your orders and your satisfaction is assured.
